# 01. About Us

Our journey began over 20 years ago in the heart of Tirupur, Tamil Nadu – India’s textile hub. Driven by a passion for crafting premium clothing for men, women and kids, we have grown into a trusted name among Tirupur garment manufacturers. From producing durable school and corporate uniforms to designing stylish casual wear like t-shirts, hoodies, sweatshirts and tracksuits, we are committed to excellence in every stitch.

At Ragas Clothing, we are more than just a custom uniforms supplier; we’re a brand dedicated to combining comfort, style and durability.

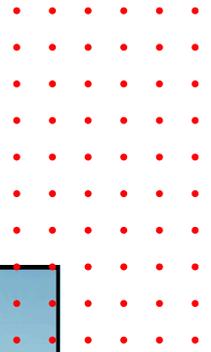

## Vision

To become India’s most trusted and technologically advanced manufacturer of uniforms and corporate apparel – delivering global-quality products at scale, with zero compromise on consistency, efficiency and customer success.

## Mission

To build a lean, efficient and fully standardized production system that ensures 100% compliance with international quality benchmarks.
